1. Background Information

About the school

- 1.1 Gateways School is an independent day school located in the village of Harewood, between Leeds and Harrogate. The school is organised into four sections: the Early Years Foundation Stage (EYFS), the prep school, the high school, and the sixth form. The EYFS and prep school are fully co-educational; the other sections of the school are becoming progressively co-educational following the admission of male pupils into Year 7 in September 2019.

What the school seeks to do

- 1.2 The school aims to offer a personal education that places individuals at its heart and allows everyone to shine. It seeks to provide a happy, safe and secure environment where pupils are both challenged and supported. The school endeavours to offer an academic programme with high standards and develop caring relationships between all members of the school community.

About the pupils

- 1.3 Pupils come from a range of professional and business families who mostly live in the local area. The school has identified 114 pupils as having special educational needs and/or disabilities (SEND) which include dyslexia and dyspraxia, 53 of whom receive additional specialist help. One pupil in the school has an education, health and care plan (EHCP). English is an additional language (EAL) for 14 pupils, whose needs are supported by their classroom teachers. Data used by the school have identified nine pupils as being the most able in its population and the curriculum is modified for them and for 17 other pupils because of their special talents in sport or the performing arts.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014, and relevant requirements of the statutory framework for the Early Years Foundation Stage, and associated requirements, and no further action is required as a result of this inspection.**

PART 1 – Quality of education provided

- 2.2 In the prep school, the school's own framework for assessment confirms that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).
- 2.3 In the senior school, GCSE and A-level results in the years 2021 to 2022 confirm that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).
- 2.4 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.5 Pupils receive relationships education in the prep school and relationships and sex education in the senior school, except in so far as they are lawfully excused. The school has consulted parents and published a written statement of its policy which has regard to the relevant statutory guidance.
