1. Background Information

About the school

- 1.1 The Granville School is an independent day school for female pupils aged 3 to 11 years and male pupils aged 3 to 4 years. It was founded in Sevenoaks in 1945 and moved to its present site in the town in 1957. The school is an educational charitable trust and is administered by a board of governors. It comprises Pre School, for children aged 3 to 4 years, and Prep School, for pupils aged 5 to 11 years.
- 1.2 The current headmistress took up her position in September 2018. The current chair of governors took up her responsibilities in September 2020. The school has introduced wrap around care provision since the previous inspection.
- 1.3 During the period March to June 2020, the whole school setting was closed.
- 1.4 During this period of closure the school provided remote learning materials for all pupils.
- 1.5 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.6 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.7 During the lockdown period of January to March 2021, all pupils other than the pre-school children and the children of key workers or vulnerable pupils received remote learning provision at home.
- 1.8 Since 2020, EYFS profiles have not been externally moderated.

What the school seeks to do

- 1.9 The school aims to set the highest academic and pastoral standards, and to identify and realise the full potential and natural talents of each individual pupil. It seeks to provide a broad, stimulating and innovative curriculum which encourages pupils to develop knowledge, confidence and self-reliance within a happy, secure and stimulating school community.

About the pupils

- 1.10 Most pupils come from professional families living in the local area. Nationally standardised test data indicate that the ability of the pupils is above average compared to those taking the same tests nationally. The school has identified 19 pupils as having special educational needs and/or disabilities (SEND) which include specific learning difficulties and communication, emotional, mental health and physical needs, all of whom receive additional support. English is an additional language (EAL) for 15 pupils, whose needs are supported by their classroom teachers. No pupil in the school has an education, health and care (EHC) plan.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
