1. Background Information

About the school

- 1.1 Abbotsford is a co-educational independent preparatory day school. The school was founded in Urmston in 1908, and moved to its present site in 1997. In June 2013 it became part of Alpha Schools North, a company wholly owned by its proprietor. The proprietor and his team manage financial and strategic matters, with the day-to-day management of the school being the responsibility of the head. The school has an attached day nursery, known as 'Little Gems', which caters for children aged from four months to four years old. Older children within the Early Years Foundation Stage (EYFS) are in the Pre-school and Reception classes, which are part of the main school, and which are included in this report.
- 1.2 The inspection took into account the circumstances faced by schools during the COVID-19 pandemic and the restrictions imposed by government guidance at various points of the pandemic.

What the school seeks to do

- 1.3 The school's main aims are to provide a high-quality education within a happy, inspirational, supportive and caring environment. The school strives to encourage intellectual curiosity and to build upon pupils' strengths, interests and experiences to help them achieve their full potential.

About the pupils

- 1.4 Pupils come from a range of local professional or business families, most living within a five-mile radius of the school. Nationally standardised data provided by the school indicate that the ability profile of the pupils is above average, with a wide spread of abilities represented. Pupils are admitted as places are available into year groups throughout the age range. At the time of the inspection, 11 pupils had English as an additional language (EAL), none of whom require additional support. Of the five pupils the school has identified as having special educational needs and/or disabilities (SEND), all receive additional support in class and from specialist teachers as necessary. One pupil has an education, health and care (EHC) plan and the school receives funding from the local authority. More able pupils are supported through the curriculum.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014, and relevant requirements of the statutory framework for the Early Years Foundation Stage, and associated requirements, and no further action is required as a result of this inspection.**
