1. Background Information

About the school

- 1.1 Forest School officially opened for male pupils as Forest Proprietary Grammar School in 1834. Female pupils were admitted at the end of the 1970s. It was originally a boarding school, becoming a co-educational day school by 1981. The school shares the same site as the associated preparatory school and the two schools were inspected concurrently. The school is administered by a board of governors known as the Governing Council.
- 1.2 Since the previous inspection, the school has introduced a programme to enhance teaching and learning outcomes for pupils based on Visible Learning principles. The programme has included training for staff on improving the feedback that is given to pupils and encouraging metacognitive strategies to promote academic progress.
- 1.3 During the period March to August 2020, the senior school remained open only for the children of key workers and vulnerable children. During this period of closure, the school provided a programme of remote learning for all pupils.
- 1.4 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.5 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.6 During the lockdown period of January to March 2021, all pupils, other than the children of key workers or vulnerable pupils, received remote learning provision at home.
- 1.7 In 2020 public examinations were not held. For pupils who would have been expected to take these examinations, centre-assessed grades were awarded.

What the school seeks to do

- 1.8 The school seeks to put the individual child at the centre of all it does and to promote the values of growth, hard work, diversity, responsibility, well-being and community.

About the pupils

- 1.9 Pupils come from a range of professional and business backgrounds and represent a diverse range of cultures. Nationally standardised test data provided by the school indicate that the ability of pupils is above average. The school has identified 155 pupils as having educational special needs and/or disabilities, which include specific learning difficulties and/or social difficulties; 109 of whom receive additional support from the school. There are 213 pupils for whom English is an additional language. No pupils in the senior school require additional support for their English. No pupil in the school has an education, health and care plan or a statement of special educational needs. The most able pupils with particular academic aptitudes are supported in departments and through the extra-curricular programme.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#).

COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.

Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014 and associated requirements and no further action is required as a result of this inspection.**

PART 1 – Quality of education provided

- 2.2 At GCSE in the years 2018 to 2020, performance has confirmed that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).
- 2.3 In the sixth form, A-level results in the years 2018 to 2020 have confirmed that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).
- 2.4 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.5 Pupils receive relationships and sex education in the senior school, except in so far as they are lawfully excused. The school has consulted parents and published a written statement of its policy which has regard to the relevant statutory guidance.
- 2.6 The standards relating to the quality of education [paragraphs 1–4] are met.**

PART 2 – Spiritual, moral, social and cultural development of pupils

- 2.7 Principles and values are actively promoted which facilitate the personal development of pupils as responsible, tolerant, law-abiding citizens.
- 2.8 The standard relating to spiritual, moral, social and cultural development [paragraph 5] is met.**

PART 3 – Welfare, health and safety of pupils

- 2.9 Arrangements are made to safeguard and promote the welfare of pupils by means that pay due regard to current statutory guidance; good behaviour is promoted; bullying is prevented so far as reasonably practicable; health and safety requirements are met, including those relating to fire safety; provision is made for first aid. Pupils are properly supervised; admission and attendance registers are maintained, as required, and there is a strategic approach to risk assessment. A disability access plan is in place.
- 2.10 The standards relating to welfare, health and safety [paragraphs 6–16], the requirement of Schedule 10 of the Equality Act 2010, and the ban on corporal punishment under section 548 of the Education Act 1996 are met.**

3. Inspection Evidence

- 3.1 The inspectors observed lessons, conducted formal interviews with pupils and examined samples of pupils' work. They held discussions with members of staff and with a group of governors and observed a sample of the extra-curricular activities that occurred during the inspection period. Inspectors visited the learning support and educational resource areas. The responses of parents, staff and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
