## **1. BACKGROUND INFORMATION**

### **About the school**

- 1.1 The Haberdashers' Aske's Boys' School is an independent day school for pupils aged between 11 and 18 years. The school was opened in 1690 through an endowment by a merchant haberdasher, Robert Aske, and moved to its current site in Elstree in 1961. This site is shared with the preparatory school and the senior girls' school. The schools are governed by the Aske Board and the Boys' School Committee supports the governance of both the boys' and the preparatory schools.
- 1.2 Since the previous inspection new chairmen have been appointed to both the Aske Board and the Boys' School Committee, and the structure of the school day has been revised. A new sports complex has been built.

### **What the school seeks to do**

- 1.3 The school seeks to challenge boys to achieve the highest standards and to develop a sense of community and shared values. It also aims to support parents in preparing their sons for a fulfilled life.

### **About the pupils**

- 1.4 Pupils come from a range of professional and business backgrounds, mostly from north London and Hertfordshire. Pupils are culturally diverse but with no predominant background. Nationally standardised tests indicate that the ability profile of the senior school is well above average and that the ability profile of the sixth form is above average. The school has identified 76 pupils as having special educational needs and/or disabilities (SEND), principally dyslexia and dyspraxia, 20 of whom receive additional specialist help. No pupil has an education, health and care (EHC) plan or a statement of special education needs. English is an additional language (EAL) for one pupil, whose needs are met by the academic support and English departments. Data used by the school have identified many pupils as being more able and their needs are met within individual subjects and through extra-curricular provision. The school identifies 324 pupils as having particular talents, for example in music, drama and sports, and they receive additional support within departments.

## 2. REGULATORY COMPLIANCE INSPECTION

### Preface

The registration authority for independent schools is the Department for Education (DfE), which directs inspection according to a specified frequency or at any time where the DfE has particular concerns about a school. The Independent Schools Inspectorate (ISI) is the body approved by the Secretary of State for the purpose of inspecting schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and reporting on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Accordingly, inspection records whether the school meets each of these standards, which are arranged in eight Parts, each of which is divided into separate paragraphs. Additionally, the inspection reports on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. It comments on the progress made by the school in meeting the compliance action points set out in the school's most recent statutory inspection.

All association independent schools will have an inspection within three years from April 2016, in accordance with the Framework and DfE requirements. The inspection may be of COMPLIANCE ONLY or a combined inspection of EDUCATIONAL QUALITY AND COMPLIANCE depending on a number of factors, including findings from their most recent inspection. Schools judged not to meet the standards may also be subject to a progress monitoring visit before their next routine inspection. The progress monitoring visit will judge whether the school has taken the necessary action to meet any un-met standards identified at their previous inspection.

The inspection was also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated in the relevant section of the report and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

## Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014, and associated requirements, and no further action is required as a result of this inspection.

### **3. INSPECTION EVIDENCE**

- 3.1 The inspectors observed lessons, conducted formal interviews with pupils and examined samples of pupils' work. They held discussions with members of staff and with the chairman of the Boys' School Committee and a group of governors, observed a sample of the extra-curricular activities that occurred during the inspection period, and attended assemblies. The responses of parents and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
