Background Information 4

1. Background Information

About the school

1.1 Howe Green House is a co-educational independent day school located in fifteen acres on the Hertfordshire and Essex border close to Hatfield Forest. Founded in 1987 by a group of staff and parents, the school is a charitable trust which is administered by a board of governors.

- 1.2 Since the previous inspection, the school has redeveloped the school's buildings, including improving and expanding the nursery facilities and grounds, enlarging the library and music room, enhancing all office and reception areas, and creating a forest school area, a new Reception classroom, and a science laboratory. A wellbeing hub has been created and the Year 1 and Year 2 classrooms have been redeveloped.
- 1.3 The inspection took into account the circumstances faced by schools during the COVID-19 pandemic and the restrictions imposed by government guidance at various points of the pandemic.

What the school seeks to do

1.4 The school aims to create opportunities for pupils to realise their potential in a family environment where they can feel valued, fulfilled, confident and emotionally literate. The objective is that, at each stage, pupils will be encouraged to look beyond themselves to develop spiritually and creatively and to make decisions and take risks to achieve their goals.

About the pupils

1.5 Pupils come from a range of backgrounds, living mainly within a 15-mile radius. Cognitive Ability Tests (CATs) used by the school indicate the ability profile of the pupils is broadly average. The school has identified seventeen pupils as having special educational needs and/or disabilities (SEND) that require additional intervention. This includes pupils with dyslexia, dyscalculia, dyspraxia, ADHD, and autism spectrum disorder (ASD). Four pupils in the school have an education, health and care plan (EHC). English is an additional language (EAL) for two pupils, whose needs are supported by their classroom teachers. The school has identified fourteen pupils as being able and gifted within the school's population.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as <u>met</u> or as <u>not met</u>. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: <u>The Education (Independent School Standards)</u> Regulations 2014, Early Years Foundation Stage Statutory Framework.
