1. Background Information

About the school

- 1.1 Rossall School was founded in 1844. It is an independent co-educational day and boarding school for pupils aged between 0 and 19 years. It stands in the Lancashire town of Fleetwood. It is a registered charity governed by the Council of the Corporation of Rossall School.
- 1.2 The school comprises four sections. The nursery, including Early Years Foundation Stage (EYFS), educates children between the ages of 0 and 4; the pre-preparatory school caters for pupils between 4 and 7; the preparatory school for pupils aged 7 to 11; and the senior school for pupils between 11 and 19. There is a co-educational boarding house for pupils aged between 7 and 13, three boarding houses for senior female pupils, and four for senior male pupils.
- 1.3 During the period March to August 2020, the whole school remained open only for children of key workers.
- 1.4 A number of boarders continued to be accommodated on site.
- 1.5 During this period of closure the school provided remote learning materials for all pupils.
- 1.6 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.7 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.8 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home, or in their houses in the case of overseas boarders.
- 1.9 In 2020, public examinations were not held. For pupils who would have been expected to take these examinations, centre-assessed grades were awarded.
- 1.10 Since 2020, EYFS profiles have not been externally moderated.

What the school seeks to do

- 1.11 The school seeks to develop compassionate and caring young people and inspire them to develop a lifelong love of learning within a pastorally nurturing, culturally exciting and intellectually creative community.

About the pupils

- 1.12 Nationally standardised test data provided by the school indicate that the ability of the pupils in the preparatory school is broadly in line with the national average. In the senior section up to year 11 it is above average. In Years 12 and 13, the pupils' ability profile is in line with the average for pupils taking A-level courses. Two pupils in the school have an education, health and care (EHC) plan. The school has identified 98 pupils as having special educational needs and/or disabilities (SEND), which include dyslexia, dyscalculia and attention deficit disorders. Of these, 75 receive additional specialist help. English is an additional language for 161 pupils, all of whom are supported by their classroom teachers and by further specialist tuition. Data used by the school have identified 50 pupils as being the more

able in the school's population, and the curriculum is modified for them through class provision as well as the school's enrichment programme.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014, including the National Minimum Standards for Boarding ('boarding NMS'), where applicable. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards, including the boarding NMS. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [National Minimum Standards for Boarding Schools](#), [Early Years Foundation Stage Statutory Framework](#).

COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.

They held discussions with members of staff and with a group of governors, observed a sample of the extra-curricular activities that occurred during the inspection period, and attended form meetings. Inspectors visited boarding houses and the facilities for the youngest pupils, together with the learning support and educational resource areas.
