1. Background Information

About the school

- 1.1 Rowan Preparatory School is an independent day school registered as a single-sex school for female pupils. The school was founded in 1936 and is located on two sites about half a mile apart. Pupils up to Year 2 are educated at Rowan Brae, and Rowan Hill accommodates Years 3 to 6. It is part of United Learning and is governed by United Church Schools Trust (UCST). The school also has its own local governing body which has delegated responsibilities from the UCST board. Since the previous inspection the school has undertaken refurbishment of some teaching spaces, the playground and one of the front offices. The leadership team has also been restructured.
- 1.2 The inspection took into account the circumstances faced by schools during the COVID-19 pandemic and the restrictions imposed by government guidance at various points of the pandemic.

What the school seeks to do

- 1.3 The school's aim is to provide a happy, friendly and purposeful environment where all pupils are encouraged to develop their full potential. Pupils are encouraged to strive for excellence, with the school celebrating achievement. The school seeks to help pupils gain an appreciation of their own and other cultures and become responsible citizens in the wider world.

About the pupils

- 1.4 The majority of pupils live within five miles of the school in Elmbridge and the neighbouring borough of Kingston upon Thames. A high proportion come from families with professional backgrounds. Nationally standardised test data provided by the school indicates that the ability profile of the pupils is above average. The school has identified 45 pupils as having special educational needs and/or disabilities (SEND), which include dyslexia and dyspraxia, 35 of whom receive additional specialist help. Three pupils in the school have an education, health and care (EHC) plan. English is an additional language (EAL) for 24 pupils, six of whom require additional support. Data used by the school have identified 52 pupils as being the more able in the school's population, and the curriculum is modified for them.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
