## 1. Background Information

### About the school

- 1.1 St Peter's School is an independent co-educational day and boarding school. The school operates as three distinct sections, on the same shared campus. Each school section has its own headteacher, however the Head Master of St Peter's is in overall charge. There are four boarding houses for senior pupils and one for junior pupils.
- 1.2 During the period March to August 2020, the school remained open only for children of key workers and no boarders remained on site. During this period of closure the school provided remote learning materials for all pupils.
- 1.3 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on site to reduce contact within the school setting.
- 1.4 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.5 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home.
- 1.6 In 2020 and 2021 public examinations were not held. For pupils who would have been expected to take these examinations, centre-assessed grades and teacher-assessed grades were awarded.
- 1.7 Since 2020, EYFS profiles have not been externally moderated.

### What the school seeks to do

- 1.8 The school aims to prepare pupils for confident, successful and fulfilled adult lives and to make a positive impact on their world. The school achieves this through its *Four Pillars*; qualifications, skills, interests and values. Together, these prepare the pupils for life beyond school, encouraging, nurturing and challenging them to maximise their potential.

### About the pupils

- 1.9 Pupils come from families with a range of professional and business backgrounds, living in and around the city of York, with boarders coming from both the United Kingdom and overseas. Data provided by the school indicates that the ability of the pupils in all sections of the school is above average for pupils taking these tests. The school has identified 128 pupils as having special educational needs and/or disabilities (SEND), which includes mainly dyslexia, of whom 56 receive additional support. No pupils have an education, health and care (EHC) plan. English is an additional language for 47 pupils, 9 of whom receive specialist support. The needs of the more able pupils are supported within lessons and through extra-curricular activities.

## 2. Regulatory Compliance Inspection

### Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014, including the National Minimum Standards for Boarding ('boarding NMS'), where applicable. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards, including the boarding NMS.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated, and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

## Key findings
