1. Background Information

About the school

- 1.1 The Manor Preparatory School is an independent co-educational day school. The school is a charitable trust administered by a board of governors. Founded in 1907 as the preparatory school to a local girls' senior school, the school moved to its present site in 1947 and in 1970 became independent of the senior school. Since the previous inspection, the school has become fully co-educational by admitting male pupils from age 7 to 11. In 2018 a new headmaster was appointed and a new sports hall complex was completed.
- 1.2 During the period March to August 2020, the school remained open only for children of key workers and, from June 1st 2020, for pupils in the EYFS, Year 1 and Year 6.
- 1.3 During this period of closure the school provided remote learning materials for all pupils.
- 1.4 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on site to reduce contact within the school setting.
- 1.5 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.6 During the lockdown period of January to March 2021 the school remained open for vulnerable pupils, the children of key workers and children in the Pre-Nursery and Nursery. All other pupils received remote learning provision at home.
- 1.7 Since 2020, EYFS profiles have not been externally moderated.

What the school seeks to do

- 1.8 The school seeks to challenge, cherish and inspire pupils to develop a love of learning within a caring yet challenging environment in which children are given the courage to learn from their mistakes and develop resilience. Within a Christian tradition the school aims to promote respect for different lifestyles, cultures and religions, while inspiring pupils to play a positive role in contributing to the life of the school, the wider community and beyond.

About the pupils

- 1.9 Pupils come from a range of diverse professional family backgrounds living within a 25-mile radius of the school. Nationally standardised test data provided by the school indicate that the ability of the pupils is broadly above the national average. The school has identified 40 pupils as having special educational needs and/or disabilities (SEND), including learning difficulties such as dyslexia and dyspraxia, and developmental differences such as autism and attention deficit hyperactivity disorder, all of whom receive additional specialist support. No pupil has an education, health and care (EHC) plan. English is an additional language (EAL) for 31 pupils, of whom 9 receive additional specialist support.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [Early Years Foundation Stage Statutory Framework](#).

COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.
