1. Background Information

About the school

- 1.1 Woodlands Preparatory School is an independent coeducational day school, located on the outskirts of Great Warley village. It is owned by the proprietor and his family, who maintain regular communication with the headteacher, through the Director of Operations, and are responsible for the governance of the school. The school consists of two sections: the lower school for pupils in Lower Kindergarten to Reception and the upper school for those in Years 1 to 6.
- 1.2 Since the last inspection, the school has appointed a new headteacher and changed its registered status so that it now admits children from the age of two.

What the school seeks to do

- 1.3 The school seeks to combine all that is traditionally best in education, together with progressive and forward-thinking ideas, fostering curiosity, independence, and a love of learning. It aims to enable pupils to become socially responsible citizens and life-long learners in a safe and happy environment.

About the pupils

- 1.4 Pupils come from local professional families with a range of backgrounds, which reflect the local area. Data from standardised tests provided by the school indicate that the ability of the pupils on entry to Reception is above average when compared to those who take the same tests nationally. The school has identified seven pupils as having special educational needs and/or disabilities (SEND), all of whom receive additional support. There is one pupil with an education, health, and care plan. English is an additional language for one pupil who does not require additional support. The school seeks to challenge pupils in all aspects of school life through its programme for those who are more able.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014 and relevant requirements of the statutory framework for the Early Years Foundation Stage, and associated requirements, and no further action is required as a result of this inspection.**

- 2.3 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.4 Pupils receive relationships education. The school has consulted parents and published a written statement of its policy which has regard to the relevant statutory guidance.
- 2.5 The standards relating to the quality of education [paragraphs 1–4] are met.**

PART 2 – Spiritual, moral, social and cultural development of pupils

- 2.6 Principles and values are actively promoted which facilitate the personal development of pupils as responsible, tolerant, law-abiding citizens.
