1. Background Information

About the school

- 1.1 Norfolk House School is an independent co-educational day school. It was founded in 1897 as a boys' preparatory school and became co-educational in 1992. In September 2014, it merged with Montessori House Nursery and is owned and governed by the Bellevue Education Group Limited.
- 1.2 The school is located on two sites. Nursery to Year 1, which includes the Early Years Foundation Stage (EYFS), attend the Princes Avenue site and Years 2 to 6 attend the Muswell Avenue site which is a short walk away. Pre-prep consists of Reception and Year 1; junior prep provides for Years 2 and 3 and senior prep for Years 4 to 6.
- 1.3 During the period March to August 2020, the whole school remained open only for children of key workers.
- 1.4 During this period of closure the school provided remote learning materials for all.
- 1.5 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.6 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.7 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home.
- 1.8 Since 2020, EYFS profiles have not been externally moderated.

What the school seeks to do

- 1.9 The school aims to provide a stimulating and meaningful learning experience for all their pupils using the latest teaching techniques and resources. Its objective is to provide pupils with the opportunities to achieve their potential within an environment where they feel valued, fulfilled, confident and emotionally secure.

About the pupils

- 1.10 Pupils come from a range of business and professional family backgrounds who live in the locality of the school. Nationally standardised test data provided by the school indicate that the ability of the pupils on entry is above average. The school has identified 34 pupils as having special educational needs and/or disabilities (SEND) which include speech and language delays, dyslexia, dyspraxia, sensory processing and autistic spectrum disorder, 27 of whom receive additional support. Two pupils have an education, health and care (EHC) plan. Forty-four pupils have English as an additional language (EAL) and their needs are met by classroom teachers. Data used by the school have identified 34 pupils as the most able in the school's population, and the curriculum is modified for them, and for a number of other pupils who have particular talents for music and sport.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [Early Years Foundation Stage Statutory Framework](#).

COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.
