### School's Details

<b>School</b>	Sands School
<b>DfE number</b>	878/6042
<b>Registered charity number</b>	299714
<b>Address</b>	Sands School 48 East Street Ashburton Newton Abbot Devon TQ13 7AX
<b>Telephone number</b>	01364 653666
<b>Email address</b>	enquiry@sands-school.co.uk
<b>Headteacher</b>	Mr Sean Bellamy
<b>Proprietor</b>	Mr Jyles Day
<b>Age range</b>	11 to 17
<b>Number of pupils on roll</b>	75
<b>Inspection dates</b>	27 to 28 November 2019

## 1. Background Information

### About the school

- 1.1 Sands School is an independent co-educational day school for pupils aged between 11 and 17. The school was founded in 1987 by a group of pupils and teachers from the recently closed Dartington Hall School. The school is run on democratic principles. There is no 'management team' and no individual role to set the direction of the school. Instead everyone is individually and collectively responsible for running the school with all key decisions being taken collectively at the weekly pupil-chaired school meeting in which pupils and staff have equal voice. The school belongs to a worldwide community of democratic schools.
- 1.2 The school is a registered charity and a company limited by guarantee. It has a governing body from whom the company directors are appointed. The governing body, comprising current parents, former staff and former pupils, maintains regulatory oversight and acts as a critical friend but does not make decisions about the running of the school or set its strategic direction.

### What the school seeks to do

- 1.3 The school seeks to promote social equality. It aims to increase pupils' personal engagement and investment in their learning and to give them as much control as possible over their education with strong support from experienced adults. It sets out to motivate pupils to make decisions, to consider the consequences of the choices they make, and to teach them respect for themselves, for each other and for their environment.

### About the pupils

- 1.4 Pupils come from a variety of different educational backgrounds; some are drawn to the school for ideological reasons, some have attended Steiner schools, some have been home-schooled, others have had difficulty coping with education in mainstream schools and a few have been absent from school for long periods. Most come from families living in the local area, but a few families have relocated from other parts of the country and from abroad in order for their children to attend Sands.
- 1.5 The range of ability is wide. The school has identified well over half of the pupils as having special educational needs and/or disabilities (SEND), which include dyslexia, dyspraxia, emotional and behavioural difficulties, autistic spectrum disorder and attention deficit hyperactivity disorder. Eight pupils in the school have an education, health and care (EHC) plan. English is an additional language (EAL) for three pupils. The teaching and the curriculum are individualised for each of these pupils as well as for the most able pupils, and additional support is provided where required.

## 2. Regulatory Compliance Inspection

### Preface

The registration authority for independent schools is the Department for Education (DfE), which directs inspection according to a specified frequency or at any time where the DfE has particular concerns about a school. The Independent Schools Inspectorate (ISI) is the body approved by the Secretary of State for the purpose of inspecting schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and reporting on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Accordingly, inspection records whether the school meets each of these standards, which are arranged in eight Parts, each of which is divided into separate paragraphs. Additionally, the inspection reports on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. It comments on the progress made by the school in meeting the compliance action points set out in the school's most recent statutory inspection.

All association independent schools will have an inspection within three years from April 2016, in accordance with the Framework and DfE requirements. The inspection may be of COMPLIANCE ONLY or a combined inspection of EDUCATIONAL QUALITY AND COMPLIANCE depending on a number of factors, including findings from their most recent inspection. Schools judged not to meet the standards may also be subject to a progress monitoring visit before their next routine inspection. The progress monitoring visit will judge whether the school has taken the necessary action to meet any un-met standards identified at their previous inspection.

The inspection was also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated in the relevant section of the report and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the full regulations and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#).

## Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014 and associated requirements, and no further action is required as a result of this inspection.

### **PART 1 – Quality of education provided**

- 2.2 Pupils take GCSE examinations in their final year at the school. The small numbers involved do not allow reliable comparisons to be made with national averages.
- 2.3 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.4 **The standards relating to the quality of education [paragraphs 1–4] are met.**

### **PART 2 – Spiritual, moral, social and cultural development of pupils**

- 2.5 Principles and values are actively promoted which facilitate the personal development of pupils as responsible, tolerant, law-abiding citizens.
- 2.6 **The standard relating to spiritual, moral, social and cultural development [paragraph 5] is met.**

### **PART 3 – Welfare, health and safety of pupils**

- 2.7 Arrangements are made to safeguard and promote the welfare of pupils by means that pay due regard to current statutory guidance; good behaviour is promoted; bullying is prevented so far as reasonably practicable; health and safety requirements are met, including those relating to fire safety; provision is made for first aid. Pupils are properly supervised; admission and attendance registers are maintained, as required, and there is a strategic approach to risk assessment. A disability access plan is in place.
- 2.8 **The standards relating to welfare, health and safety [paragraphs 6–16], the requirement of Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996 are met.**

### **PART 4 – Suitability of staff, supply staff, and proprietors**

- 2.9 The school makes appropriate checks to ensure the suitability of staff, supply staff and proprietors, and a register is kept as required.
- 2.10 **The standards relating to the suitability of those in contact with pupils at the school [paragraphs 17–21] are met.**

### **PART 5 – Premises of and accommodation at schools**

- 2.11 Suitable toilet and changing facilities, and showering facilities where required by the standard, and appropriate accommodation for pupils' medical and therapy needs are provided. The premises are maintained to a standard commensurate with health and safety; acoustics and lighting are appropriate; water provision is adequate. Suitable outdoor space is provided for physical education and outdoor play.
- 2.12 **The standards relating to the premises and accommodation [paragraphs 22–31] are met.**

## **PART 6 – Provision of information**

2.13 A range of information is variously published, provided or made available to parents, inspectors and the Department for Education. This includes details about the proprietor, the ethos of the school and the curriculum, and of the school's arrangements for admission, behaviour and exclusions, bullying, health and safety, first aid, details of the complaints procedure, and the number of complaints registered under the formal procedure during the preceding school year, and the provision for any with education, health and care plans or English as an additional language. It also includes particulars of the school's academic performance during the preceding school year, inspection reports and (for parents only) a report at least annually of their own child's progress. The safeguarding policy is posted on the school's website.

**2.14 The standard relating to the provision of information [paragraph 32] is met.**

## **PART 7 – Manner in which complaints are handled**

2.15 Parental complaints, if any, are handled effectively through a three-stage process, (informal, formal and a hearing before a panel of three, one of whom is independent of the school). Each stage has clear time scales, and at the third stage the panel can make findings and recommendations which are communicated to the complainant. Records are kept appropriately, including of any action taken, whether or not a complaint is successful.

**2.16 The standard relating to the handling of complaints [paragraph 33] is met.**

## **PART 8 – Quality of leadership in and management of schools**

2.17 The proprietor ensures that the leadership and management demonstrate good skills and knowledge, and fulfil their responsibilities effectively, so that the other standards are consistently met, and they actively promote the well-being of the pupils.

**2.18 The standard relating to leadership and management of the school [paragraph 34] is met.**

### 3. Inspection Evidence

- 3.1 The inspectors observed lessons, conducted formal interviews with pupils and examined samples of pupils' work. They held discussions with members of staff and with the chair of governors, observed a sample of the activities that occurred during the inspection period, and attended the weekly 'School Meeting'. Inspectors visited the learning support and educational resource areas. The responses of parents, staff and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
