1. Background Information

About the school

- 1.1 The Shrubbery School is an independent, co-educational preparatory day school. The school has been operating since 1930. It comprises three sections: the Early Years Foundation Stage (EYFS); infants, for pupils in Years 1 and 2; and juniors, for pupils in Years 3 to 6.
- 1.2 The school is overseen by an individual proprietor, who acquired the school in July 2021. The headteacher has been in post since September 2020.
- 1.3 The school was previously inspected by Ofsted in May 2018. This is the first inspection by the Independent Schools Inspectorate (ISI).
- 1.4 The inspection took into account the circumstances faced by schools during the COVID-19 pandemic and the restrictions imposed by government guidance at various points of the pandemic.

What the school seeks to do

- 1.5 The school aims to provide a high-quality learning environment where pupils are happy, secure and productive. It seeks to provide an education that is underpinned by traditional values and strong relationships between teachers, pupils and parents. The school strives to instil a love of learning so that, at each stage, pupils will be equipped with suitable skills and self-confidence for the next phase of their life.

About the pupils

- 1.6 Most pupils live close to the school. The school's own assessment data indicate that the ability of the pupils is broadly average compared to those taking the same tests nationally. The school has identified 23 pupils as having special educational needs and/or disabilities, which include dyslexia and dyspraxia, all of whom receive additional specialist help. English is an additional language (EAL) for 15 pupils, whose needs are supported by their classroom teachers. No pupil in the school has an education, health and care (EHC) plan. Data used by the school have identified 18 pupils as being the more able in the school's population and the curriculum is modified for them and for 12 other pupils because of their special talents in sport.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
