## 1. Background Information

### About the school

- 1.1 Azbuka Russian-English Bilingual School is an independent co-educational day school situated on the first floor of a commercial building in the London Borough of Hammersmith and Fulham. Originally founded in Richmond in 2002, the school expanded into a bilingual primary school in Mortlake and moved to its present site in September 2018. The school is governed by the trustees of Azbuka Foundation. It comprises the nursery and pre-school, for children in the Early Years Foundation Stage (EYFS), and the primary school for pupils aged 5 to 11 years.
- 1.2 Since the previous inspection by Ofsted in 2019, the school has launched the Azbuka Ukrainian Education fund, intended to enable Russian and Ukrainian speaking refugee children to access the curriculum.
- 1.3 This is the first inspection of the school by ISI.

### What the school seeks to do

- 1.4 The school aims to meet the educational, cultural, linguistic and social needs of Russian and English bilingual and bicultural children and families living in London. It seeks to provide a broad culture-rich, creative and academically stimulating curriculum and embed the ethos of charity, community and environment into the life and work of school. The school endeavours to provide an effective model of bilingual education for the wider community of families and educationalists.

### About the pupils

- 1.5 Most pupils are English-Russian bilingual or multilingual. The school's own assessment data indicate that the ability of pupils is above average compared to those taking the same tests nationally. The school has identified two pupils as having special educational needs and/or disabilities (SEND), which include autistic spectrum disorder and cerebral palsy, both of whom receive additional specialist help. No pupil has an education, health and care (EHC) plan. Six pupils receive additional support for their English and two pupils for their Russian.

## 2. Regulatory Compliance Inspection

### Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

## Key findings

Inspectors visited the facilities for the youngest pupils, together with the learning support and educational resource areas. Inspectors considered the responses of parents, staff and pupils to pre-inspection questionnaires. The inspectors examined curriculum and other documentation made available by the school.
