1. Background Information

About the school

- 1.1 Al-Ameen Primary School is an independent Muslim co-educational day school which accepts pupils of other faiths. Founded in 2005, it is situated in the Tyseley area of Birmingham. It is a private limited company registered as The Al-Ameen Foundation with a board of governors appointed to oversee the management of the school. The school is affiliated to the Association of Muslim Schools UK.

What the school seeks to do

- 1.2 The school aims to develop confident, well-mannered pupils who use their full potential and achieve their best. It seeks to ensure that pupils enjoy school and develop a love of learning. Its objective is to enable pupils to acquire the skills and knowledge required for them to live in modern Britain, drawing guidance from their faith.

About the pupils

- 1.3 Pupils come from families who are mainly of British Pakistani and Bangladeshi heritage but also from other backgrounds. Pupils live either in the immediate area of the school or in other communities across the city. The school's own data indicate that the pupils' ability is above average compared with that of other pupils taking the same tests nationally. The school has identified a small number of pupils as having special educational needs and/or disabilities (SEND), none of whom have an education, health and care (EHC) plan. No pupils have English as an additional language (EAL), though many are bi-lingual or multi-lingual.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
